## Help Fill Mother's Day Baskets

Mother's Day was first established as a National Holiday by President Woodrow Wilson in May 1914. The original premise was to promote peace by honoring mothers of sons who were lost at war. Today, Mother's Day traditions include the distribution of carnations and family dinners. The many single mothers that make up much of the client population of IFCS likely are not recognized and celebrated for their contribution to their families on this specific holiday set aside to honor them.

**You can help by collecting items from the list below or by making a monetary donation to IFCS' Mother's Day Fund.** Monetary donations will be turned into gift cards, to include with baskets, in lieu of a frozen chicken. We also use the fund to purchase items that are not donated to our needed inventory.

*Thank you in advance for your generosity!*
